

Perfins Still In Current Use Bulletin 284/4. George Dyke.

The correct identity for perfin 'NR' is now (1996) simply Norton Rose. JOHN NELSON used to work for this firm and he informs me that the name was changed in 1988.

By a strange coincidence, one of the firms which had offices at 57½ Old Broad Street at the same time as Thomson, Bonar Co was Norton, Rose, Norton & Co., Solicitors.

Thanks to DAVE HILL for the single entry this time.

The up-to-date list of perfins in current use is with Dave Hill who will supply a list if you send a S.A.E. Some of the perfins have more than one identity as user. It would be nice to know which of these names is currently using a perfin.
